

We have direct links
with Showground Greenway
for cycle paths and
footpaths.

Getting to the Yorkshire Event Centre by bike or on foot

If you live locally a would like to leave the car at home we have direct links with the Showground Greenway for footpaths and cycleways. Why not cycle to us or maybe take time to explore the area after your visit by bike or foot?

The Yorkshire Showground Greenway is a footpath and cycleway starting at Hornbeam Park station and bringing you directly to the Yorkshire Event Centre without the worry of traffic. The track is well sign posted and is tarmacked making it suitable for all abilities and ideal if the weather has been wet.

The Great Yorkshire Showground is home to many species of wildlife, including a number of Red Kites. Travelling by bike or foot is a great way to see and appreciate this.

Distance from Hornbeam Park Station to the Yorkshire Event Centre – 1 mile

You can find out more information on the Showground Greenway route and other local routes on the [Harrogate Borough Council website](#).
